15
Years of Changing Lives

 **The Fuller Center for Housing**
Armenia

This year, we at FCHA, are celebrating our 15th anniversary; hence, we have launched a campaign to raise awareness and funds to assist 15 families by climbing 15 mountain peaks. Throughout these years, we have developed grit and perseverance to work diligently and with an unyielding determination to assist over 1,400 impoverished families.

Our 15th Anniversary campaign launched with the first peak conquered on March 19, Sunday; our team made it to the peak of Mount Tesilk (height - 1374m) in Tavoush region. The day was even more memorable with our President, Ashot Yeghiazaryan, celebrating his birthday anniversary on the peak of the Mount.

The roads to the peaks were hard, yet exhilarating and full of ecstatic moments, emotional highs and lows shared not only with the staff members but also with our board members, volunteers, and long-time friends. So far, we have already conquered five mountain peaks.

It's impossible to put into words the gratefulness we feel toward all those people who have generously sponsored the construction of five families' houses and

made our 15th Anniversary of serving Armenian families in dire need of housing special. There is nothing more gratifying than to feel that more and more families will feel the excitement of having a decent home and living a deserving life

Should you want to honor someone you love or the memory of your loved ones, we will be happy to dedicate our next peak to you or your loved ones!

You/your community can sponsor a house for \$12,000, or make any amount toward our 15th-anniversary campaign of assisting 15 families.

For donations other than the house sponsorship, the donations will be collected and as \$12,000 is collected, a family will be assigned for assistance.

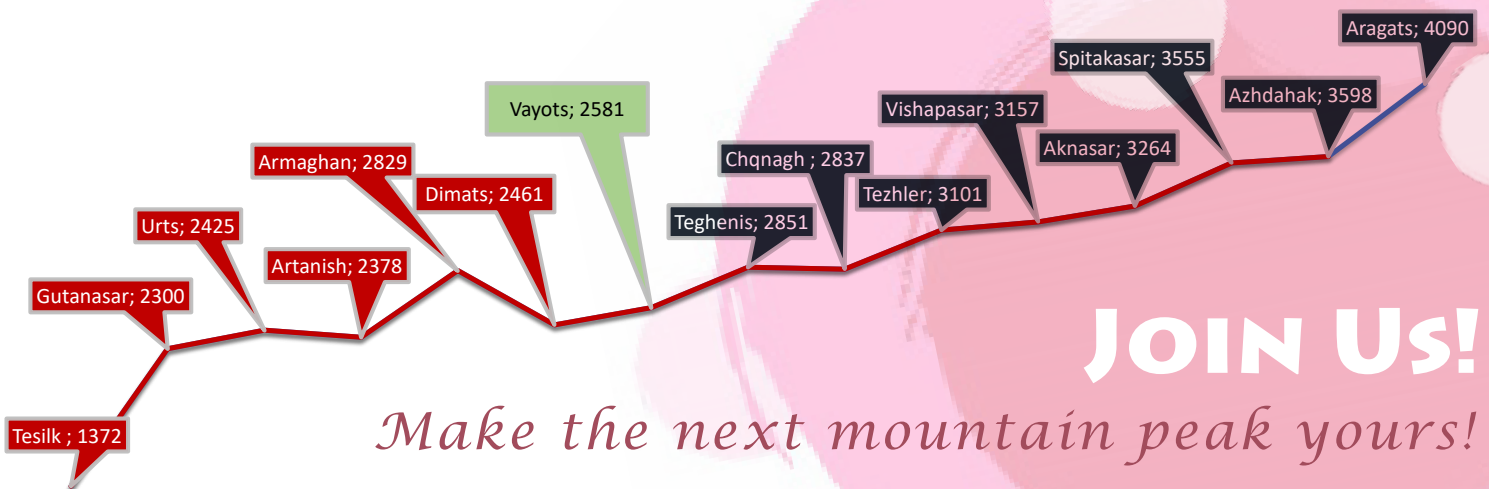

Donations from the US are tax deductible.
